Helmets prevent brain injuries

It's been increasingly common to see youth riders — whether they're passengers or operators — not wearing helmets. It's not only illegal but it also dramatically increases the risk of severe injury — or worse — life changing brain injury or death. As an experienced rider, remember: The next generation of riders is watching you. Please model safe riding behavior and wear your helmet.

11

Helmet & Seatbelt

Under 18 shall not ride as a passenger or as an operator of an ATV on public land, waters and road right-of-way, without an **approved helmet** (DOT/Snell)

*no hockey or bicycle helmets

Under age 18 shall not ride as a passenger or as an operator of a **Class 2** ATV without wearing a **seat belt** when provided by manufacturer
