LEARN YOUR LIMITS

AN EDUCATION OUTREACH ON IMPAIRED DRIVING

Host an evening where local law enforcement uses the same tools during a DWI investigation to teach citizens about how alcohol impacts their decision making.

Preliminary Breath Tests & Field Sobriety Tests

This is a fun-filled, educational event! People can interact with local law enforcement and learn how to drink responsibly and know when they have reached their limit for driving. Establishments that hosted this event have had patrons really enjoy their experience!

Chisago County Sheriff's Office is at Stacy Sports Grill.

Tonight's [MN Toward Zero Deaths](#) education outreach at [Stacy Sports Grill](#) was a hit. We spent several hours giving patrons preliminary breath tests, explaining field sobriety tests, and talking about the effects of alcohol absorbing into the body.

We had two people who drank the same amount of alcohol over the same amount of time have PBT tests that were very different. It just goes to show that alcohol impacts people in different ways.

We will not mention the highest score... 😊

This was a trial run to see what the response would be. We think it was a home run! Thanks very much to the [Stacy Sports Grill](#) for hosting us. We will drop a video in the comments section as well to show you a little more of what it looked like.

Our goal here was education and building community connections. People learned a lot. We were glad to have lots of good conversations with them. We even talked with a couple people who've been arrested for drunk driving in the past and learned a valuable lesson to never do it again.

Good night all around 🍷

Isanti County Sheriff's Office can we do this in Isanti or surrounding areas? I would love to attend something like this 😊

I love this idea for educating the public and helping people understand the effect of what they are drinking. Were free rides home offered to those over the legal limit?
